

< S-ERGO 125 >

◆ *S-Ergo 125* is a lightweight aircraft grade aluminium wheelchair which weights just 14,2 kg but can break down to 9 kg (without wheels and footrest). The lightweight frame is braced by a system of double cross braces which increase the wheelchair's strength and durability. The streamline back armrest offers a great convenience for transfers. The wide armpad is design to give extra support for the elbow and the legrest gives great comfort and stabilization for both thigh and leg. *S-Ergo 125* is a good choice for a performing stylish and comfortable wheelchair!
